UPDATE BULLETIN

RIO LAGUNA DEVELOPMENT

Recently Management has taken a look at the possibilities of going ahead with various design changes to reflect the current activity in Ehrenberg, AZ at the "RIO LAGUNA" site.

Dan Lare Planners has been contacted and agreed to work closely with Rio Laguna Graphic Designer **Mark Halim** to brain storm new project concepts and designs to reflect current activity.

(See pictures of current April 2014 Ehrenberg off ramp and **Round About improvements.**

Also a **National Camp Ground** entity has submitted zoning change to La Paz County Community Development for a 400 unit RV Park.
This development is within 300 feet of **Rio Laguna** project.

Because of the present activity, projects in the area seem to be taking a new look. Example there is talk of a **National Discount** store wanting to locate in Ehrenberg, contiguous to Rio Laguna.

A **Church** is contemplating renting a unit on the present property of River Lagoon Resort and a **Medical Out Sourcing Company** has also shown interest. **Bircher Exterminating** has closed California operations and has moved that to River Lagoon Resort Complex.

Watch for further UPDATES here,

Thanks for Your time,

L. R Adams
